### OBJECTIVE

A highly motivated and skilled sous chef with 6+ years of experience seeking a challenging career switching position in the tech field. Leveraging my culinary expertise, leadership skills, and proficiency and translating it to the success of a technology-driven organization.

### EDUCATION —

Redwood Highschool – Visalia,  
CA  
GED – 2014

DeVry University –  
Fresno, CA  
Associates Degree of Applied  
Sciences – June 2023

### KEY SKILLS —

Project Management  
Microsoft Office Suite  
Training and Supervising  
C#  
HTML  
CSS  
JavaScript

### WEBSITE —

### EXPERIENCE

*March 2017 – Present (6 years)*  
Cook • Sous-Chef • China Peak Mountain Resort

Assisted the head chef in managing kitchen operations including updating menus using the micros restaurant management system, maintaining inventory and monitoring food costs using databases and spreadsheets, creating schedules using google sheets.

### COMMUNICATION

I work with 4 other venue leads to manage food orders and scheduling for events such as the High Sierra Summer Fest, California Enduro, our summer weddings and much more.

### Personal Projects

During my free time I've created personal projects to teach myself various aspects of the tech field, some of these projects include:

- Discord Bots that display stats, roll dice, and play music
- Arduino Mega 2560 that displays the temperature
- portfolio website
